WARNING

Read the manual before use. Failure to follow these warnings may result in an accident that could result in serious injuries or death.

- Use the beacon only for recreational purposes.
- Use the beacon as a geolocation tool in addition to any other tools you already have (such as your cell phone).
- You expressly understand and agree that API-K's liability is strictly limited to the provision of the K-IP beacon you have purchased and not to the availability of an API-K network at a given location or to the possession of FIND-R beacons by emergency services.

BATTERY WARNINGS

Opening the battery may cause severe damage to the product with the risk of explosion, fire or chemical burns. Do not disassemble or expose to conductive materials, moisture, liquids or temperatures below -20°C and above +60°C. A battery subjected to extremely low air pressure may cause an explosion or leakage of flammable liquid or gas. Do not use or charge the product if there is any leakage, discoloration, deformation or any other abnormality. Do not leave the product uncharged or unused for long periods of time. Do not short-circuit. Battery life will vary with use.

WARNINGS AND OPERATING INSTRUCTIONS

Safety and proper use of your product

- Do not open or modify the product.
- Do not attempt to disassemble or service the product yourself as this may result in personal injury.
- Do not expose the product to liquids, heat or moisture - IP65 and IK06 product excluding the button area.
- The product is not shock resistant in some areas. If the product is banged, a return to the factory is required.
- Use the product in a temperature range of -20°C to +60°C
- If exposed to an environment with temperatures outside the allowable range, turn off the device and allow the temperature to reach the allowable

operating range.

- Use only the original power supplies provided by API-K.
- Do not charge your product during a thunderstorm.
- Use your product with indicated and ITE certified accessories.
- This product is not intended for children.
- This product is considered safe under normal use. If the product malfunctions, contact API-K support immediately. The product should be returned to API-K for service and/or repair.
- Any opening of the product, modification or changes made to the product by the user or a third party without the express consent of API-K will void the warranty.
- Please refer to the "Quick Start" guide of the product for instructions on how to use it and to the "Support & Contact" section of the K-IP.fr/en website.

WASTE

The pictogram of the crossed-out garbage indicates that the product must be sorted. It must be recycled in accordance with local environmental regulations regarding waste. By sorting products bearing this symbol, you help reduce the amount of waste incinerated or landfilled, and reduce any negative impact on human health and the environment. For more information, please contact API-K.

CE STANDARD

This product complies with the applicable CE standards, according to the directives: 2014/53/EU (RED) and 2015/863 amending directive 2011/65/EU (RoHS). The full text of the EU Declaration of Conformity is available at: <https://k-ip.fr/norme-ce>
